##### And What Have You

By BOB CRAIG

The world of politics is indeed a strange world. When President Jimmy Carter was elected there were all kinds of groups taking credit for his victory. Without the support of organized labor, blacks, farmers and several other organized groups Carter would not be president today.

But now each and everyone of these groups is presenting its bill to Carter for his election and most of them seem to be rejected.

Women and blacks feel that they did not get their due when Carter named his cabinet and labor has not been given the blank check they were expecting from this new administration and now the farmer is quite unhappy with the farm program being presented.

Now it is not hard to understand how Carter could find that he could not be all things to all people but this does not help those who feel that he owes them a favor.

Of course, in our area, it is the farmer who feels he is being slighted. Texas farmers spent a lot of time and money helping Carter carry Texas and without Texas he would not be president. But apparently this did not have much impact on the new administration's farm program.

The farm program announced by Secretary Bergland has drawn a wave of protest from the farming areas, with the wheat farmers taking the lead in the protests.

As Harold Hudson, publisher of The Perryton Herald located in the heart of the wheat land, points out, it may be that Secretary Bergland proposed the best farm program he thought might get through Congress. Maybe his program was whacked by President Carter. Whatever the reason, the new program falls far short of attacking the basic problem which is that the farmers of this country are forced to sell their products for less than it costs to produce them.

The White House would peg wheat at a loan figure of \$2.25 a bushel and a market price of \$2.47 to \$2.60 a bushel. When wheat costs \$3.50 and up to grow, these figures are far short of an answer.

The wheat farmer is taking it on the chin because there is a surplus of wheat and the politicians seem to think that there is no emergency as long as this country has enough wheat in the bins to keep the price of wheat products down for consumers.

Back in 1946 when wheat was \$2.50 a bushel, a loaf of bread was 15 cents. Bread kept going up, but wheat didn't. Now, with wheat at \$2.60 the price of bread is about 52 cents and the farmer gets less than a nickel of it.

This nation went along for years thinking that it had an inexhaustible supply of oil and gas. We kept right

## Good Response Indicated For Apr. 21 Talent Show

A good response at the Thursday audition for "Hamlin's Talent Search" indicates that we will have a good show April 21, says Mrs. Mike Byerly, publicity chairman for the local event.

The talent show, sponsored by the Beta Theta and Xi Gamma Phi chapters of Beta Sigma Phi sorority, is being held in coordination with the West Texas Rehabilitation Center. James Hallmark of the Center will be master of ceremonies.

Proceeds from the show will go to the Rehab Center. Performers for the local show will be announced later, Mrs. Byerly said.

The Hamlin Stage Band will perform but will not compete in the show to be held in the new auditorium of

the Middle School Building.

Tickets are now on sale and Mrs. Gerald Young is chairman. She or Mrs. W. T. Johnson or any of the chapter members may be contacted for tickets which are \$2 for adults and \$1 for students, including those in high school.

Similar shows are being staged in area towns and winners in each town will compete in the Big Country Showcase in Abilene May 7 in the Abilene Civic Center.

#### MARCH RAINFALL

The total rainfall recorded in March by Bill Rountree, official recorder for Hamlin, was 1.52. This was recorded .65 on March 26 and .87 on March 27. All recordings are made at 5 p.m. each evening.

**STUDENTS STUDY LIFE CYCLE**—Science students of Mrs. Sally Hastings and Mrs. Janis Lain studied the life cycle of chicks in a living classroom project. Showing the new chicks are, from left, Pam Willis, D'Ann Wheat and John Carter. Seventeen eggs were placed in an incubator March 7. At various stages of development an egg was opened to show progress. Some of the eggs were not able to come out of the shell so the students had five chicks at the completion of the project last week.

## Third Place In District

The Hamlin girls track team finished in third place behind Paducah and Rotan in the District 7-A track meet held at Jayton Tuesday. Paducah scored 138 points, Rotan 98, and Hamlin 94½. Hamlin girls finished second in the Junior High Division with 94 points. Haskell was first with 136.

Hamlin qualified three events to the Regional meet. May Ruth Brown ran a 27.1 220 for a second place finish and Stacy Bell ran a 11.1 in the 80-yard hurdles for a second. Hamlin's 880-yard relay also finished second with a time of 1:48.0.

**WINS SWEEPSTAKES**—The Hamlin Junior High School band won a first division in both concert and sightreading at the 17th annual Cisco Junior High Band Festival. This was the 15th Sweepstakes Award won by the local band in the 17 years of competing in this festival. Eleven out of 14 solo and ensemble events also received first divisions. Receiving firsts were Tonya Brumley, Sharon Ford, Susan Watts, Greg

Young, Johnny Chase, Charles Hertel, Leticia Barrera, Jannie Gardner, Teresa Gregory, Paula Stephens, Katrina Bogle, Loeida Thomas, Lessa Wilson, Joe Bob Carter, Sharon Ford and Billy Howerton. Second divisions went to Baron McMillen, Judy Crouch, Susie Montoya, Connie Spalding, Steve Austin, Cheryl Scifres and Mindy Smith.

## Fire Plugs To Be Flushed Here Tonight

Fire Chief Jerry Farnsworth has announced that the city's fire plugs will be flushed today (Thursday) during the regular drill session.

The Fire Department want to alert the residents of this procedure because of the cloudy water that results. Washing of white clothing should be delayed until the water is clear.

The flushing should begin about 7:30 p.m. and be completed by 10 p.m. It may be Friday before the water is clear enough for washing, he warned.

## School Sets Dedication, Open House for May 1

The trustees of the Hamlin Independent School District started making plans for a dedication service and open house of the new school facilities Sunday, May 1. The board, meeting in their regular session here Monday, also canvassed the election returns and re-organized the board for the new year.

The board is making plans for a brief dedication service in the new auditorium, followed by guided tours of both the auditorium and band hall and the new middle school for that Sunday afternoon.

Raymond Scifres and Jackie Williams were re-elected to three year terms on the board in the election held Saturday. Both men were unopposed in their bid for re-election and each received all 43 of the votes cast.

W. T. Johnson was re-elected president of the board during the organization of the board. Scifres was re-elected vice president and Lewis Earl Madden was re-elected secretary.

The board also authorized Johnny Steele, tax assessor-collector for the district, to recommend three people to

serve on the board of equalization for the coming year.

The board discussed with Superintendent Bob Hawes some of the things that area schools are doing for their senior citizens. Hawes told the board that he is seeking a federal grant to provide a senior citizens center in the old junior high school building.

He also told the board that the Anson school district was doing several things for their senior citizens that the local board might consider. The Anson District provides free admission to their basketball games for senior citizens, low-cost meals every Wednesday, and their Homemaking Department has been having parties for them.

The board voted to offer the weekly low-cost meal every Wednesday until the end of school on an experimental basis and then look at some of the other programs for next fall. The meals will be served for 90 cents and are expected to start in about two weeks. The school will announce the time schedule and the start up date for the program as soon as the details can be worked out.

Mrs. Betty Thompson of Anson, who works with the Senior Citizens of Jones County and represents the West Central Texas Council of Governments, is working on the projects with the school.

The board authorized Doug Cook, director of the schools vocational education projects, to advertise for bids on the home being constructed by the Building Trades Project. He will seek bids on the project following the completion of the home and inspection by the Farmers Home Administration.

The board also approved a two-day tour by the Hamlin Stage Band for May 3-4 which will include playing concerts in a number of area high schools.

## Pee Wee League To Meet Monday

A meeting of all interested parents of Pee Wee League age boys will be held Monday, April 11, at the Sweetwater Savings and Loan building at 7 p.m.

All interested parents of boys ages 6 through 9 are urged to attend this meeting and register their boys for the summer baseball program.

Patrolman Melvin Cagle has announced that he will not be in Hamlin Wednesday, April 13, or in the Anson office April 15 because of a vacation schedule.

## Budding, Grafting Demonstration Set

A budding and grafting demonstration will be held Monday at 2 p.m. at the Hamlin Jaycee Community Building by Kirby Clayton, Jones County Extension Agent.

The event is being sponsored jointly by the extension service and committee on aging.

All Senior Citizens and other interested individuals are urged to attend.

on thinking this until 1973 when the Arab embargo on foreign oil jolted us into the realization that we no longer had any surplus and that we would never again see cheap fuel. The shock of adjusting to this has not been overcome.

But if we think that a fuel shortage is traumatic, wait until we have a food shortage. The United States has gone along for generations under the impression that cheap food was some sort of a birthright. It has been that way solely because the American farmer has become more efficient, using implements and tools and chemicals to boost the production of food so that farmers are five per cent of the population yet are feeding everybody with food to spare.

At the rate things are going, it won't last long. Farmers cannot sell their products at a loss forever. When enough go broke and get out of the food production business, there will indeed be a shortage.

If we come to the point where the control of land is vested in a few giant corporations, the era will end when the food producer asks meekly what others will give for his products. The producer, likely to be some giant corporation, will set the price of food.

And people will long for the good old days when they spent only 17 per cent of their income for food, then griped about it. They will be spending 40 percent, as Europeans do, or maybe more.

Last Sunday morning the large barn on the J. W. Ezell farm east of Hamlin was completely destroyed by fire. This barn is know by the McClaran place and was one of the larger structures of its kind in the country. It is conceded that the fire started by a short in a Ford Car. All contents, including about thirty tons of feed was burned. There was but a small amount of insurance on the building but none on contents.

The Palace Theatre is entertaining its audiences with the Automatic Orthophonic Victrola. This is a great improvement over the old form of electric orchestra music. The world's best music is automatically placed before the people by the new machine.

TWENTY YEARS AGO  
(April 4, 1957)

A young tornado that came on the heels of a sandstorm swooped down on the Hamlin community Tuesday night about 11 o'clock and left in its wake thousands of dollars of damage. No loss of live or personal injuries resulted as far as The Herald could learn at press time.

Major damage was sustained at the Hamlin Compress Company in the northeast portion of town as two 80x124-foot cotton warehouses were demolished and another one 80x192 was severely damaged. No cotton was in the smaller warehouses, according to Manager R. C. McCurdy.

Roofs on several business houses were damaged in varying degrees, the most severely damaged being the Texaco agency, City Cafe, the Style Cleaners and The Herald building.

Annual Red Cross fund drive in the Hamlin community was due to get underway this (Thursday) morning, according to A. B. (Buren) Carlton, community chairman.

TEN YEARS AGO  
(April 6, 1967)

A fence constructed last week at the Community Building was a gift from Mr. and Mrs. Raymond Seifres in the name of their children, Loutana, 3 and Joe Dan, 7 weeks.

When the building was nearing completion, Seifres and his wife, the former Ella Mae Turner, discussed making a contribution to the project. They wanted to make a contribution to the Jaycees worthy project that would be of benefit to the community now and in the future.

Guy Weaver, Jaycee president, expressed appreciation on behalf of the club for such a sizable contribution to the community building project.

George Campbell and Irby Weaver were re-elected to the City Council here Tuesday each receiving 62 votes. Also elected was Holly P. Toler with 57 votes.

Dr. James E. Harrison and Lewis Earl Madden were re-elected to the Hamlin School Board in Saturday's election. Otto Sosebee was elected County Trustee at Large.

NEGLECT

This highway began to decay the day that it ceased to be used and repaired.

Deterioration sets in with the onset of neglect. When a nation's

spiritual life is neglected

there is a possibility that

nation will not long endure.

Let us strengthen our

nation and our society by

attending church regularly

and reaffirming our

faith in God.

"And let us consider

one another to provoke unto

love and to good works.

Not forsaking the assembling

of ourselves together as

the manner of some is;

but exhorting one another;

and so much the more,

as ye see the day approaching."

Hebrews 10:24, 25.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## Meeting Monday

The T. S. Parker Quality School is a school of excellence. Many of our students were named in a national contest by William S. Franklin, President of the United States. The winners are a source of pride for the national sport.

Officers for the coming year were elected by the members present.

The new officers for the 1977-1978 school year are Floyd Gassie, President; Lester Kimes, Moderator; Don McCallie, President Elect; Kruty Bragg, Hubbs Secretary; and S. S. McCallie, Treasurer.

Three delegates were elected to represent the association at the district TSPA/NEA convention next year. Those elected were Floyd Garcia, Ed R. Ferguson and Sue Wry.

Since 1936, The American Cancer Society has spent over 4,400 million for the support of cancer research and clinical investigation. The conquest of cancer is everyone's business. Give this year to help the researchers find better methods of diagnosis, new drugs, and new treatment procedures to help wipe out cancer in your lifetime.

## At San Angelo

The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The second factor is the fact that the majority of the population of the United States is now living in the South and West. This is a result of the process of migration, which has been going on since the beginning of the 20th century. The third factor is the fact that the majority of the population of the United States is now living in the middle class. This is a result of the process of social mobility, which has been going on since the beginning of the 20th century.

—Continued from Page One

on thinking this until 1973 when the Arab embargo on foreign oil jolted us into the realization that we no longer had any surplus and that we would never again see cheap fuel. The shock of adjusting to this has not been overcome.

But if we think that a fuel shortage is traumatic, wait until we have a food shortage. The United States has gone along for generations under the impression that cheap food was some sort of a birthright. It has been that way solely because the American farmer has become more efficient, using implements and tools and chemicals to boost the production of food so that farmers are five per cent of the population yet are feeding everybody with food to spare.

At the rate things are going, it won't last long. Farmers cannot sell their products at a loss forever. When enough go broke and get out of the food production business, there will indeed be a shortage.

If we come to the point where the control of land is vested in a few giant corporations, the era will end when the food producer asks meekly what others will give for his products. The producer, likely to be some giant corporation, will set the price of food.

And people will long for the good old days when they spent only 17 per cent of their income for food, then griped about it. They will be spending 40 percent, as Europeans do, or maybe more.

Adkins, Clyde Wilson, J. H. Wood, Hall, Turner, Johnson and Bryant.

Last Sunday morning the large barn on the J. W. Ezell farm east of Hamlin was completely destroyed by fire. This barn is known by the McClaran place and was one of the larger structures of its kind in the country. It is conceded that the fire started by a short in a Ford Car. All contents, including about thirty tons of feed was burned. There was but a small amount of insurance on the building but none on contents.

The Palace Theatre is entertaining its audiences with the Automatic Orthophonic Victrola. This is a great improvement over the old form of electric orchestra music. The world's best music is automatically placed before the people by the new machine.

**TWENTY YEARS AGO**  
(April 4, 1957)  
A young tornado that came on the heels of a sandstorm swooped down on the Hamlin community Tuesday night about 11 o'clock and left in its wake thousands of dollars of damage. No loss of life or personal injuries resulted as far as The Herald could learn at press time.

Major damage was sustained at the Hamlin Compress Company in the northeast portion of town as two 80x124-foot cotton warehouses were demolished and another one 80x192 was severely damaged. No cotton was in the smaller warehouses, according to Manager R. C. McCurdy.

Roofs on several business houses were damaged in varying degrees, the most severely damaged being the Texaco agency, City Cafe, the Style Cleaners and The Herald building.

Annual Red Cross fund drive in the Hamlin community was due to get underway this (Thursday) morning, according to A. B. (Buren) Carlton, community chairman.

**TEN YEARS AGO**  
(April 6, 1967)  
A fence constructed last week at the Community Building was a gift from Mr. and Mrs. Raymond Scifres in the name of their children, Loutana, 3 and Joe Dan, 7 weeks.

When the building was nearing completion, Scifres and his wife, the former Ella Mae Turner, discussed making a contribution to the project. They wanted to make a contribution to the Jaycees worthy project that would be of benefit to the community now and in the future.

Guy Weaver, Jaycee president, expressed appreciation on behalf of the club for such a sizable contribution to the community building project.

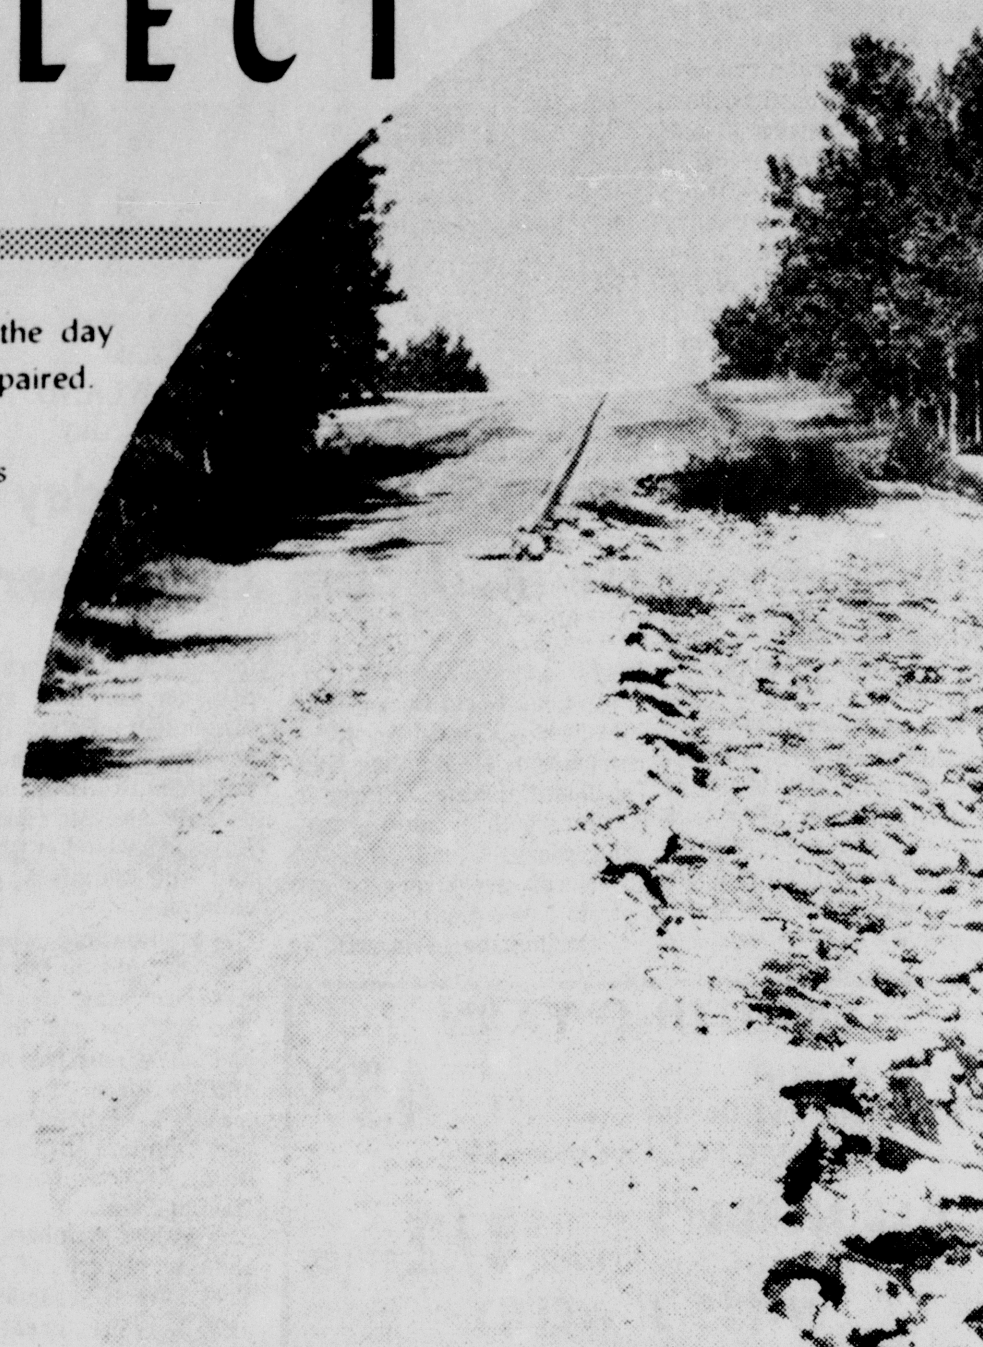

George Campbell and Irby Weaver were re-elected to the City Council here Tuesday each receiving 62 votes. Also elected was Holly P. Toler with 57 votes.

Dr. James E. Harrison and Lewis Earl Madden were re-elected to the Hamlin School Board in Saturday's election. Otto Sosebee was elected County Trustee at Large.

## Maberry Ties Hurdle Record At San Angelo

Tommy Maberry ran a 14.7 in the high hurdles Saturday at the San Angelo Relays to tie the division record as the Pipers took sixth place in the A-B division with 46 points. Stanton won the division title with 70 points.

The Piper 440-yard relay team ran a 44.5 for third place. Charles Brown ran a 14.9 for third place in the high hurdles and ran a 41.0 for fourth place in the intermediate hurdles.

Picking up additional points for the Pipers were John Barrera and Delbert

Thompson. Barrera ran a 53.3 for fifth in the 440 and Thompson tossed the shot 46'5" for fourth place.

The Pipers will be competing at Ballinger this Saturday.

### State Sales Tax Representative To Be In Anson

AUSTIN—State Comptroller Bob Bullock announced he is sending a representative from his Abilene office to Anson on Wednesday, April 13th to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Mona West will meet with local taxpayers at the Jones County Courthouse.

Tax Assessor-Collector's office, from 8:30 a.m. to 12:00 noon.

Bullock reminded those taxpayers who are unable to meet with his representative on April 13th that they can still get their questions answered quickly by calling his TOLL-FREE Tax information number in Austin. That number is 1-800-

252-5555.

The Abilene office, headed by James W. Martin, serves Taylor, Brown, Callahan, Coleman, Comanche, Eastland, Fisher, Haskell, Jones, Mitchell, Mills, Nolan, Scurry, Shackelford, Stephens, and Stonewall counties.

## Use your Refrigerator Wisely... AND SAVE

### Reddy's Energy Saving Tips

- ★ Opening your Refrigerator Door as few times as possible keeps Heated Air from getting inside. So Saves Energy.
- ★ Condenser Coils in Refrigerators, like in Air Conditioners, tend to collect Dust and Dirt (especially in Carpeted Kitchens), when they are Dirty, they use more Energy, so your Refrigerator Coils Should Be Cleaned Once a Year.
- ★ Choose a Refrigerator/Freezer based on the real Capacity needs of your family. A Refrigerator or Freezer Operates at Peak Efficiency when Filled to Capacity but not overfilled.
- ★ Insulation Gaskets sometimes Leak and Cost Much Wasted Energy. Check your Refrigerator Gaskets for Wear and Replace if Necessary.

MARY DELL JENKINS  
...in senior recital  
**Mary Dell Jenkins  
To Present Senior  
Recital At H-SU**

The Hardin-Simmons University School of Music presented the senior French Horn recital of Mary Dell Jenkins of Hamlin at 8 p.m. Tuesday in Woodward-Dellis Recital Hall.

The recital was presented in partial fulfillment of the requirements for the bachelor of music degree with a major in applied music.

Miss Jenkins, daughter of Mr. and Mrs. Chester Jenkins of Hamlin, is from the studio of Lawson Hager, instructor in brass and music literature and director of university bands. She is a member of Sigma Alpha Iota, women's music fraternity; Alpha Chi, national scholarship society; and 1975-76 sweetheart for the Cowboy Band.

The recital program included "Trio for Horn, Violin and Piano" by J. Brahms, "Sonata for Horn and Piano" by Paul Hindemith, and "Soundings, for Horn and Piano," by Dr. Andy J. Patterson of the H-SU music faculty.

Miss Jenkins was accompanied by Debbie Letz, junior pianist from Stamford, and Laurie Young, sophomore violinist from Abilene.

A reception sponsored by Sigma Alpha Iota Phi Mu Alpha Sinfonia followed the recital.

**Funeral Services  
Held Monday for  
L McCracken**

Funeral for Langford McCracken, 62, was held Monday at 4 p.m. at First Baptist Church. The Rev. Howard Jones, pastor; the Rev. John Hix, pastor of First Baptist Church at Water Valley; and the Rev. Marshall Stewart, pastor of the Church of the Nazarene, officiated.

A lifetime resident of Hamlin, he was born here Jan. 21, 1915, son of the late Mr. and Mrs. George McCracken.

He was employed by Celotex Corporation, Hamlin plant.

He married Alene Wilkins at Abilene, Aug. 10, 1940.

Mr. McCracken was a Baptist.

He died at 7:20 a.m. Saturday at Hamlin Memorial Hospital.

Burial was in Hamlin East Cemetery under the direction of McCoy Funeral Home.

Survivors are his wife; one son, Brett McCracken of the home; two daughters, DeNetta Pace and Janice Sikes, both of Abilene; and two sisters, Mrs. Viola Beavers and Mrs. Mattie Storey, both of San Antonio; and five grandchildren.

Hamlin High School Happenings

(Compiled each week by the HHS Journalism Class)

Donna Pyron, Debbie Hargrove and Paul Reynolds will be attending the Regional UIL Literary Meet in Odessa April 22 and 23 after winning at district in Vernon March 29. Donna placed second in headline writing and Debbie won second in feature

writing. Paul placed first in slide rule. Other students winning at Vernon were Denise Haight with fifth in headline writing, Earnest Taliaferro third in feature writing and Stephanie Haight third in editorial writing. In typing Jamie Jones placed fifth, Linda Marcom eighth and Stephanie Hymer tenth.

Pipers' Pride, the high school newspaper, received an Award of Achievement in Journalism from the In-

terscholastic League Press Conference last Tuesday. This honor was the second highest award given, and the Pipers' Pride was rated among the top five in division II of mimeographed papers in the state of Texas. The Hamlin High School golf team shot a 353 here last Wednesday to win the second round of district play. Hamlin is now in second place behind Haskell in the total standings with two more rounds to go.

Mike Hymer shot an 89 and Joe Smith finished with a 90 to round out the scoring. This Thursday the team will travel to Haskell for the third round. The boys' tennis team finished competition last Thursday as none of the boys made it to the finals in the District 7-A Tournament. In the boys' singles Edwin Wheat lost his first match to Chris Colbert of Haskell. Harold Pruitt won his first match but lost in the second

round. In doubles Tomas Gonzalez and Paul Reynolds won in their first match but lost in the second to the team from Rotan. Allen Young and Kelly Ferguson lost their first match to the team from Haskell. The girls also failed to advance although the doubles team of Lisa Howard and Leea Pharris won their matches Thursday before losing in the finals in Rotan Friday.

Eight Hamlin FFA students attended the Abilene Christian University Judging Contest there Monday. Those attending were Mark Carter, Shane Hinkle, Vance Lakey, Rickey Goodgame, Guy Turner, Sharla Turner, Gayla Bockmon and Russ Lakey. Guy provided Hamlin's best showing as he finished 38th in the overall livestock judging contest, which had approximately 600 contestants.
